A SOFT, TROPICAL AND HAZY Double IPA from Tröegs! Experience hop waves of epic proportions thanks to our Hop Cyclone technology, which churns in our fermenters and makes sure the notes of pineapple, soft citrus and juicy peach hit every last drop of this beer. London 3 yeast ups the tropical ante and helps uphold the haze from the grain. With heroic hop flavor and low bitterness, this once-a-year release will disappear without warning. Don't miss it!
