# LITTLE 'NATOR

## SPRINGTIME LAGER

We taste: crusty bread, stone fruit, delicate floral hops

**DIVE INTO THE MARVEL** that is Little 'Nator. Simple but complex. Contemporary and classic. The rascally cousin of our revered Troegenator. We built this beer using the best malts and techniques for a crisp finish with a touch of hops. Layered with notes of crusty bread, stone fruit and delicate floral hops, it's a lager-lover's way to usher in the changing seasons.
